

Hillside is strategically invested in numerous global ministries, where we have sensed God's leading to get involved in His work. Check out the descriptions of the ministries below for more information and how you might be able to partner:

Empowering Lives International (ELI)

ELI desires to empower the poor in Congo, Kenya, South Sudan and Tanzania with knowledge, confidence, and measurable growth that impacts their spiritual and economic life so that they become an example that others will be drawn to imitate and surpass. ELI is a dynamic team of full-time nationals and Americans working side-by-side. They strive to develop and empower leaders to live lives that promote change in their communities. Together they have developed strategic avenues and styles where dynamic, practical training reaches the hearts, hands and homes of those who need it the most.

The vision to foster hope and a sustainable future for those in need includes caring for orphans and vulnerable children. ELI now cares for over 200 children between our Ilula and Kipkaren Children's Homes in Kenya.

We invite you to be a part of this important ministry by becoming a child sponsor. Your partnership can help meet the physical, emotional and spiritual needs of our children.

Become a New Sponsor

Full Sponsorship: \$140 per month

Partial Sponsorship: \$105, \$70 or \$35 per month (you share the cost with 1-3 co-sponsors)

What your Sponsorship Provides

Family: Our goal is to do the best we can to replace the families that have been taken from these children. Each child will live in a family unit of 24 children with a married couple as a mother and father.

Home: We seek to provide a loving, Christ-centered environment where children have their own beds, shelves and drawers for their belongings. Communal areas are available for the children to use for studies, play and devotions.

Education: Each child will receive a Christian education. School fees, uniform and supplies are provided. They will also be taught biblical truths, housekeeping, farming and social skills.

Food & Clothing: Many of the children arrive with no clothes or shoes and are malnourished. In our home, they receive three nutritious meals a day and clothes needed for school and play.

Healthcare: Medical checkups and immunizations occur regularly. The children are taught personal hygiene and healthy living and participate in physical activities.

Administration Support: Caring for over 100 children at each home can only be as good as the staff caring for them. We hire staff (house parents, kitchen staff, security and office support) with strong Christian character and superior training experience.

Harvest India

Growing from simply sharing the gospel, to meeting tangible needs in communities, to opening orphan homes, to building quality schools, to caring for the sick and elderly, the Indian-based non-profit organization, Harvest India, continues to grow to be a source of light and life to the people they serve. As an organization, they are committed to following Christ, as they continue to strategize to meet the growing needs of the people they serve.

Please consider joining us and become a partner with Harvest India by sponsoring a child, a pastor, a student, an elderly, or a woman coming out of the red light district. As Harvest India continues to care for thousands of men, women, and children we know that it is only possible because of people like you, willing to say "yes." Your simple "yes" means food, shelter, education, and the hope of Jesus to those who would otherwise go without. We are breaking down walls of discrimination by telling people that they do matter and that they are loved.

Four Ways to Become a Sponsor:

Sponsor an Orphaned Child

Invest \$35 a month and you will provide shelter, food, clothing, and education for a young boy or girl who lives in one of the Harvest India orphanages. Your investment

today gives them the hope for a bright future and lets them know that they are not abandoned, but loved. Investment: *\$35 per month*

Sponsor a Bible College Student:

Invest \$40 a month, you provide food, clothing, and education for a Bible College student who studies at one of the Harvest India Bible Colleges. Be a significant part of helping to send out a trained gospel warrior into a village that desperately needs of the message of God's love. *Investment: \$40 per month*

Sponsor a Pastor's Family:

Invest \$50 a month and you will contribute toward the shelter, food, and clothing for a Harvest India pastor and their family. Through your support you are helping a pastor and his family introduce people to Jesus in an entire village. *Investment: \$50 per month*

Living Room Ministry

In 2009, Living Room Ministries International was established to address the many injustices that remain for those living with life-threatening illnesses in Kenya. Kimbilio Hospice (Kiswahili word for 'Refuge') is a 24 bed, in-patient hospice that provides quality palliative care services to adults and children living with life-threatening illnesses. Guided by the belief that every person is created in the image of God, Living Room's work is much more than simply treating a disease. They are caring for a person—physically, psychosocially, and spiritually. The goal is to achieve the best quality of life for individuals and families facing advanced disease.
